# Helping you and your family to cover the costs of everyday healthcare

## Who is HSF health plan?

HSF health plan is a health cash plan provider, committed to delivering simple and affordable ways to help you cover the cost of everyday healthcare such as dental, optical and physiotherapy, plus much more. With over 35 health benefits available, it provides an added security for you and your family's health.

The Personal Accident benefits outlined are underwritten for HSF health plan currently by Chubb European Group Limited. The underwriter of the Personal Accident Benefits may be subject to change.

HSF Assist provides unlimited access to a variety of assistance helplines and services which are available to all policyholders and their families. HSF Assist is currently provided for HSF health plan by Medical Solutions UK Limited.

HSF Perkbox is provided and facilitated by Huddlebury Limited. All offers are subject to availability and the terms and conditions as stated on the HSF Perkbox website.

## How does it work?

It's simple. You pay a premium for the scheme that suits you best, then you claim cash back for your treatments as and when you need it. And so your family doesn't feel left out, we also offer to cover the healthcare of your Spouse/Partner and children (up to age of 18, as long as they reside at the same address) at no extra cost. The maximum payable is between all eligible registered persons in any 12 consecutive calendar months.

## What am I covered for?

Our Primary schemes 100 to 5 offer a wide range of health categories at affordable prices and we reimburse you up to 50% of your professional costs up to the maximum shown in the benefits table.

With our Extra Cover Schemes A to D, we reimburse you up to 100%

There is a total limit on benefits calculated on a rolling balance over a 12 month basis with a further limit from the start of your policy on some hospital benefits. Please see Policy Terms & Conditions page 13 in this brochure.

All of our schemes include:

HSF Assist which provides: GP Advice Line, Virtual Doctor, Counselling, Medical Information and Legal Advice.

HSF Perkbox which provides discounts and savings on a wide range of goods and services.

## Are there any restrictions?

There are pre-existing health restrictions on all benefits with the exception of Dental, Optical, Chiropody & Podiatry and this also applies to conditions/symptoms of conditions which occur during the first 3 months.

Apart from the Personal Accident category which has immediate cover there is a longer qualifying period of 10 months for Infertility or Birth and Adoption Grants and this time also applies to other categories if the claim is related to pregnancy.

A qualifying period of 12 months applies to Eye Laser Treatment and Implantable Contact Lenses.

Should you incur Dental, Optical, or Chiropody/Podiatry expenses during the 3 month qualifying period please keep

the receipts and forward them to us after the 3 months has elapsed. Full details are shown in the Policy Terms & Conditions, available from page 13.

## Making a claim

Claims may be submitted at the conclusion of the qualifying periods stated under each benefit heading in this brochure, as long as all the appropriate premiums are up to date when you make the claim. The symptoms relating to the consultation/episode of treatment must have started after the qualifying period has ended.

**All claims must be submitted within six months of the date of treatment/purchase, accident taking place or discharge from a hospital.**

## Personal Accident Benefit

**All claims must be submitted within 6 months of the accident occurring.**

If an Accident results in Permanent Disability or death the financial consequences can be enormous. Even less serious injuries can result in a lengthy period off work or confinement to the house. Whilst you may be able to cope in the short term, a longer period of disability can put severe pressure on family finances. Lump sum cash payments (shown opposite) when they are needed most could ease the financial burden. Policyholders and their partner and dependent children are covered 24 hours a day, every day of the year, whether at work, at home or at play.

**Permanent Disability:** A lump sum cash benefit depending upon the type and degree of Permanent Disability following an Accident.

**Facial Disfigurement :** A lump sum payment for Permanent facial disfigurement as a result of an accident.

**Accidental Death:** A lump sum payment if the Accident is fatal.

**Dental Trauma:** A payment for dental treatment required as a direct result of a blow to the head.

**Temporary Disability:** (not applicable to children under 16 years of age) A weekly sum payable (normally by direct credit, monthly in arrears) if following an Accident, you are:  
a) unable to take up your normal paid occupation or any other paid employment; or  
b) confined to the home (applicable only if you are not in paid employment at the time of the Accident) as certified by a qualified medical practitioner.

Payable from the 31st day of your disability for up to 52 weeks. Odd days will be paid at 1/7th of the weekly rate.

**Although there is no qualifying period under this section, the Temporary Disability benefit is not payable for the first 30 days (Deferment Period) of each period of temporary disablement.**

**Fracture Benefit:** A lump sum payment for a fracture or fractures to one or more bones of the arm or leg following an Accident.

If you or any other eligible person (Insured Person) suffer Bodily Injury as a direct result of an Accident which within 24 months of the Accident results in Permanent Disability, Facial Disfigurement or Death, or requires treatment within 12 months of Dental Trauma occurring, the following will be paid:

# Policy Terms & Conditions - Please read carefully

## Becoming a Policyholder

Anyone may join up until their 71<sup>st</sup> birthday (providing they satisfy health requirements). Cover will continue for life, if the policyholder so wishes, and if premium payments are kept up-to-date and the rules and conditions are adhered to. Cover is provided continuously from month to month until it is cancelled or otherwise comes to an end. You will renew your policy every time your premium is paid, so unless we change the terms and conditions of your policy you will not receive renewal documentation.

The named policyholder and/or partner must be a parent of the stated children under 18 or be the legal guardian of them. Children in a fostering arrangement are not eligible for inclusion, and neither are children who are on weekend/school holiday stays. Couples in a marriage / partnership may each have a separate Primary Scheme Policy. The spouse/partner and any dependant children must all reside at the same address. Young people aged 16 and 17 may join in their own right but if either parent is a policyholder as well, the young person will cease to be a dependant for cover on the parent's scheme.

## Completing the application form

You must complete the application form and medical information form with as much detail as possible and read the declaration carefully before signing it. Some medical conditions make it necessary to offer limited cover in our plans and you will be advised if this applies to you. These restrictions include: any conditions which existed or for which symptoms were present before you applied for the policy or which began during the qualifying periods; any development of existing conditions; any recurrence of conditions which have existed in the past; any hereditary or congenital conditions which may already exist but which manifest symptoms only after cover commences and any which previously existed but were not disclosed. It may also be necessary to refuse claims relating to a particular area or structure of the body where there has been a problem in the past.

## Restrictions

Claims cannot be accepted for: anything related to plastic surgery and consultations / treatment for cosmetic reasons; addictions (e.g. misuse of alcohol or drugs); self-harm or self-inflicted injuries or HIV / AIDS. Conditions which begin during the qualifying period should be notified in writing and you will then be advised if any restrictions apply.

Optical, dental, dental trauma, chiropody/podiatry, HSF Assist and Personal Accident are the only categories not subject to the pre-existing condition rules, although some Personal Accident benefits may be limited if a disability or medical condition existed before the accident.

No policyholder or dependant may be covered in both an Extra Cover and a Primary Scheme. It is, however, permissible to be a policyholder in one Primary Scheme and a dependant in another Primary Scheme. These rules are based on the insurance principle of not being able to make a profit from the reimbursement of any expenditure.

## Benefits overview

There is a total limit on benefits calculated on a rolling balance over a 12 month basis with a further limit from the start of your policy on some hospital benefits.

The qualifying period shown for each benefit is explained in Rules and further explanations of benefit categories on pages 15, 16 and 17.

Pre-existing conditions and health problems when you join or increase premiums, or which arise during the qualifying periods, are not covered under many scheme benefits. See 'Rules and further explanations of benefit categories' and 'Increasing scheme cover' on pages 14, 15, 16 and 17.

Switching between schemes is allowed. See 'Increasing scheme cover' and 'Decreasing or ceasing scheme cover' on pages 14 and 15 for the terms.

## Paying premiums and changing your mind

Details of the prices of each scheme are shown in this brochure. Payment can be made by payroll deduction through your employer. It is the Policyholders responsibility to check that payments have commenced, either by checking their payslip or with their payroll, in order that they are received regularly by HSF health plan. When your application is accepted you will receive a welcome pack. This will include details of any restrictions which will need to be placed if you or a member of your family have any existing medical conditions. On receiving your certificate of cover, you have 14 days in which to change your mind and withdraw your application (this must be in writing to the HSF health plan office in London). If any premiums have been paid you will receive a full refund providing no claims have been settled. See 'Decreasing or ceasing scheme cover' on page 15 for cancelling after this period.

If premiums fall into arrears for more than three months, a qualifying period of one month will be imposed from the date of payment before entitlement to claim is resumed. Policyholders who fall into arrears for more than six months will be required to re-join under the usual conditions of enrolment. If your employer pays your premiums before assessment of PAYE tax, you will be subject to tax on such payment. If you leave employment and/or your premiums cease, your cover will cease from the end of the month your last premium was paid.

## Making a claim

Claims may be submitted at the conclusion of the qualifying periods stated under each benefit heading in this brochure, as long as all the appropriate premiums are up to date when you make the claim. The symptoms relating to the consultation/episode of treatment must have started after the qualifying period has ended.

There is a qualifying period of 10 months for the Birth and Adoption Grants and this time also applies to other benefit categories if the claim is related to pregnancy or infertility treatment. A qualifying period of 12 months applies to Eye Laser Treatment and Implantable Contact Lenses.

Forms are available by downloading from MyPolicy (see page 12), from our website [www.hsf.eu.com](http://www.hsf.eu.com) or upon request. Please quote your policy number which is on

your certificate of cover. Original receipts must be sent with the claim form. Claims will only be accepted where accumulated receipts total £5 or more. Your payment will be made by direct credit payment into your Bank account (a current account in your name or joint names).

**Claims will not be paid unless the appropriate premiums are up-to-date. Claims must be made within six months from the date of the treatment/purchase or discharge from hospital or the accident taking place. All claims are subject to premium checks and it may be necessary to ask you for additional medical or supporting information in connection with any claims. Please see paying premiums on page 13.**

**Reimbursement of most claims is made on a rolling balance principle over any 12 consecutive months. This period starts from the date we pay your claim (not from your joining or scheme increase date or from a calendar year). For example: a Scheme A policyholder, after serving the qualifying period, who has up to £400.00 to claim for dental/optical expenses in any 12 consecutive months; could have the following claim record:**

<i>Date Claim Paid</i>	<i>Claim Paid Amount</i>	<i>Remaining Balance in the Scheme A Dental/Optical Category</i>
17 June 2018	£350.00	A balance of £50.00 remains.
5 October 2018	£50.00	Now a nil balance is left. The next available amount will be £350.00 on 17 June 2019.
11 August 2019	£250.00	A balance of £100.00 remains.

**Within any consecutive 12 month period, the claim paid amount has not exceeded £400.00. After each claim is paid the amount becomes available again 12 months later.**

Balances available in each category can be checked by checking MyPolicy or telephoning the claims department who will give guidance on when to submit a claim.

Benefit payments which relate to amounts paid for a service provided will be up to 50% of the cost in the Primary Schemes and up to 100% of the cost in the Extra Cover Schemes, depending on the maximum shown in the brochure.

**If there are any issues with your claim or premiums paid on your account, this can cause a delay in processing your claim.**

**The receipts (which will not be returned unless specifically requested) must:**

- be originals, not photocopies;
- include the practitioner's stamp / name, qualifications and date of issue;
- include the patient's full name and address;
- state the type of service and items provided;
- be for a service for which payment has been met directly by a person registered as a policyholder or dependant;
- be for a service covered by the HSF health plan categories only and not for any insurance premiums paid to cover that service.

In circumstances where part or all of the amount stated on the receipt has been met by another organisation or insurance company, HSF health plan will limit or decline benefit payment to ensure that overall a policyholder

does not receive more than the amount paid as to do so would be an illegal act.

**Claims cannot be accepted for purchases or treatment or services provided outside the United Kingdom and Ireland.** Claims cannot be accepted for treatment or purchases from service providers who are related to the insured person(s). There are no location restrictions under the Personal Accident categories. Should any overpayment be made in respect of any of the benefits, the amount in question will be set against any future claims, or a repayment may be requested. Any fee paid by a policyholder to a practitioner for any type of medical statement or to a hospital for a statement concerning admission /attendance cannot be reimbursed by HSF health plan.

**Payment from Chubb for Personal Accident & Dental Trauma claims**

Any money due will be paid to the policyholder, if living, otherwise to his / her personal representative(s) within 21 days of the claim being substantiated to the satisfaction of Chubb. Any receipt which the policyholder or anyone acting on the policyholder's behalf or his / her representative(s) may give to Chubb for benefits payable shall be deemed final and complete discharge of all liability of Chubb in respect of such benefit.

### Change of circumstances

When a policyholder marries or re-marries, and wishes to include his or her partner (and any children under 18 residing permanently at the same address) a further application form must be completed and submitted to HSF health plan for approval and change to policy. The policy number should be shown and the form marked 'Change of Circumstances'.

A common-law or civil partner residing at the same address is accepted by HSF health plan providing that an application form, which also shows the full name of that partner, is completed and submitted for approval and registration. Children born in the first 10 months of cover (when it has not been possible to pay a Birth Grant) may be added as dependants on completion of an application form with medical information. An application form is also required for children for whom an Adoption Grant has been paid.

A policyholder will be able to make a claim relating to a partner or child when acceptance has been confirmed and the terms and conditions will be as for a new policyholder.

Any change of address must be notified in writing to HSF health plan so that our records remain up-to-date.

### Increasing scheme cover

Any existing policyholder is able to apply to increase to a higher scheme up until their 71st birthday by completing an application form. Acceptance may be subject to a proviso or restriction for any new health condition which may have arisen. In transfers to any scheme, qualifying periods are waived in all categories except the following: Birth and Adoption Grants; all other categories if the claim is associated with pregnancy; Eye Laser Treatment or Implantable Contact Lenses in the Dental and Optical category only when transferring from a Primary Scheme to an Extra Cover Scheme. If it is less than three months since the start of your policy at the time of any scheme transfer all qualifying periods will

apply. Any claims submitted under the new level must be for treatment/purchase dated after the increase date. Extra Cover Schemes are entirely separate from the Primary Schemes and policyholders transferring to an Extra Cover Scheme from a Primary Scheme will be subject to rules for new joiners, particularly relating to medical conditions existing or likely to recur, at the time of transferring. Within the range of Primary Schemes, and separately within the range of Extra Cover Schemes, claims related to medical conditions existing at the time of increasing or linked to previous medical conditions will be paid at the appropriate former scheme rate. There may be circumstances where categories are grouped together for flexibility (eg. Practitioners) when it is necessary to settle claims at a former scheme rate for all categories in that group. Due to scheme groupings being separate it is not possible for an Extra Cover Scheme policyholder to have a claim settled at a former Primary Scheme rate.

### Decreasing or ceasing scheme cover

While it is possible to reduce payments by transferring to a lower scheme, cover at the higher scheme should have been of at least six months' duration before such an application is made. Entitlement at the higher rate then ceases immediately upon transferring. If the maximum has been reached in any category in the higher rate scheme, there will be a qualifying period of six months before claims may be submitted under the new lower rate scheme. Cover at the new lower rate scheme must be of at least 12 months duration before increasing or decreasing again. Policyholders who wish to cease payments should provide written notification to HSF health plan. Past payments will not be refunded. Entitlement to claim will continue throughout any period of time covered by premiums and subject to any qualifying periods or terms and conditions. Any errors in premium payments must be notified to HSF health plan within two years of the occurrence for refunding to be possible.

**Any changes to the premium you pay for your policy can take up to 4 to 6 weeks to process and whilst HSF health plan will communicate with payroll the policyholder should check with their payroll/payslip that the increase/decrease has been applied. If for any reason the increase/decrease has not been applied any claim will be paid at rate applicable to the scheme current at the time of claim unless a payment is made to bring payments up to date.**

### Death of a policyholder

When a policyholder dies, the partner may become the named policyholder if already covered by HSF health plan and qualify for continuity as a full policyholder. Any outstanding claims at the time of death will be settled as appropriate, payments being made on production of the required proof of entitlement.

### Dental and Optical

Help towards the cost of all dental treatment including check-ups, and the cost of a sight test and optical appliances, up to the maximum shown. This benefit may be used flexibly according to requirements for both categories. It is payable between all eligible named persons on the policy in any 12 consecutive calendar months.

### Qualifying period – 3 months.

The cost of Eye Laser Treatment, Implantable Contact Lenses (to correct long or short sightedness) and assessments is included in Schemes 3, 4, 5 and the Extra Cover Schemes.

### Qualifying period – 12 months.

The dentist or optician must be suitably qualified and registered with the General Dental Council or General Optical Council. Sundry items purchased at Dental Surgeries and Opticians premises, eg. solutions, cleaners, contact lens removers, floss, are not covered and prescription charges for any kind of medication are not covered under this category. Claims cannot be accepted for the purchase of spectacles or contact lenses supplied without prescription. Any dental treatment (including teeth whitening) not carried out at a dental surgeon's practice (eg. if undertaken or purchased at a cosmetic/retail outlet) is not covered.

Consultations with Consultant Oral Surgeons, Consultant Facio-Maxillary Surgeons, Consultant Orthodontic Surgeons and Consultant Ophthalmic Surgeons are not covered under this category. These should be claimed under the Specialist and Investigations category. The cost of treatment or operative procedures undertaken by these Consultants is not included in any category. If eye laser treatment or a permanent contact lens implant (to correct long or short sightedness) is carried out by a Consultant Ophthalmic Surgeon or undertaken in hospital as a day case patient or an inpatient, claims cannot be accepted for Specialist and Investigations or for Hospital or Day Case in addition to the Optical category.

Rules concerning pre-existing conditions do not apply to this particular category.

### Dental Trauma

For details on Dental Trauma, please refer to the Personal Accident Section on pages 7, 8, 17 and 18.

### Practitioner: Physiotherapy, Osteopathy, Chiropractic, Acupuncture, Homeopathy, Chiropody / Podiatry

Help towards the cost of consultation and treatment (not including medication or appliances) by a qualified and registered practitioner up to the maximum shown. This benefit may be used flexibly according to requirements for all categories. Payable between all eligible named persons on the policy in any 12 consecutive calendar months. Rules concerning pre-existing conditions do not apply to Chiropody/Podiatry.

### Qualifying period – 3 months.

The maximum payable between all eligible named persons on the policy is also between the above six headings. It is not, for example, £1,000 for each of the six. Claims will only be accepted with receipted invoices from qualified practitioners of the six professions above. Policyholders and dependants, in their own interests, should only consult properly qualified practitioners who are registered with that profession's governing body/council e.g. The Health and Care Professions Council - HCPC. The cost of any appliances or medication supplied or prescribed by the practitioners is not included.

### NOT covered

Claims will not be accepted for reflexology, reiki healing or hypnotherapy nor for prophylactic/maintenance treatments or sports/general massage or therapy. Consultations with Consultant Podiatric Surgeons (of

hospital consultant status) are not covered under these benefits. These should be claimed under the Specialist and Investigations category. The cost of treatment or operative procedures undertaken by these consultants is not included in any category.

### Specialist and Investigations

Help towards the cost of specialists' consultation fees, allergy testing, vaccination, health screening, pathology tests, x-rays, scans, electrocardiograms and other investigations listed in the rules, all undertaken on an outpatient basis, up to the maximum shown. Payable between all eligible named persons on the policy in any 12 consecutive calendar months.

#### Qualifying period – 3 months.

Claims must be for consultations in a hospital or clinic on an outpatient basis only and carried out by a doctor of consultant status. Treatment (including radiotherapy) and operative procedures (including delivery of a baby) are not covered, neither is any radiography during such treatment/procedures. Reimbursement is only on the initial consultation with a Consultant Psychiatrist, subsequent visits are classified as treatment. Claims cannot be accepted for examinations / investigations carried out while an inpatient or as a day case or for medico-legal reports, possible legal evidence (including paternity testing), or for insurance, employment fitness /occupational assessments or immigration /emigration purposes.

#### The following are covered under investigations:

Any investigations undertaken, on an outpatient basis only, in a hospital x-ray, scanner, pathology or nuclear medicine / medical physics department (or its equivalent elsewhere); electrocardiogram, electroencephalogram; electromyogram, audiogram and orthoptic investigations. Minor invasive investigations carried out at the same time as an out-patient consultation, and not requiring the use of a separate treatment room, are also covered. Claims are accepted for: visits to health screening clinics if a letter or certificate from the policyholder's/dependant's General Practitioner is provided prior to the appointment and indicates that the screening was on his / her recommendation; the cost of a vaccination administered at a GP surgery or clinic; or the issue of a prescription for a vaccination (which may be in the form of vaccine or medication). For allergy testing the initial consultation and diagnosis of problems by a qualified practitioner with a personal consultation in a clinical environment (**not a retail outlet or testing that is done by post**) is covered but not any subsequent consultation, therapy or treatment.

#### The following are NOT covered

Invasive investigations, such as endoscopies, carried out with some form of anaesthetic, and requiring the use of an out-patient treatment room (for which the hospital or clinic charges an additional fee) or occupancy of a bed on a day stay basis. The Day Case benefit may be claimed in these circumstances if applicable.

### Birth & Adoption Grant, and Consultation, Investigation and Treatment Associated with Pregnancy.

A Birth or Adoption grant is payable to the policyholder, whether the mother or father of the baby, for each registered birth in hospital or at home. Hospital benefit is payable for the mother in addition to the grant from

the sixth night onwards. The grant is also payable for a registered adoption up to the age of 10. Qualifying period – 10 months.

Hospital benefit relating to the mother or baby is not payable to male policyholders who do not reside at the same address as their partner. The Birth Grant is also paid for a still birth if an official certificate is submitted. Adoption is included in this category, however, a claim under this category may not be submitted until HSF health plan cover has been of at least 10 months' duration. The adoption certificate should be dated after the end of this qualifying period and before the child's 10th birthday. Children already named on the policy may not subsequently be the subject of an Adoption Grant by either parent. Claims for overseas births and adoptions are not covered, but may be considered at our discretion. Any inpatient treatment and all other categories for consultation, investigation and treatment associated with pregnancy is also subject to the enhanced qualifying period.

#### Qualifying period – 10 months.

### Hospital

**General and Hospice:** For an inpatient admission to a hospital or hospice to receive medical treatment. Payable to each eligible named person on the policy for up to 40 nights in any 12 consecutive calendar months. The hospital or hospice must be in the United Kingdom or Ireland and its name and admission and discharge dates should be clearly stated on the claim form. The amount payable is the stated grant and no direct costs (e.g. Consultants fees, room charges, medication/dressings involved with the hospital admission, including consultants' fees) are covered.

#### Qualifying period – 3 months.

**Accident:** For an inpatient admission to a hospital immediately following an accident. Payable to each eligible named person on the policy for up to 40 nights in any 12 consecutive calendar months.

#### No Qualifying period.

**Elderly and Mental Illness:** For an inpatient admission to a hospital for elderly medical care / long stay / rehabilitation / respite / GP care or for a mental illness. Payable to each eligible named person on the policy for up to 50 nights elderly and 50 nights mental illness from the start of your policy, but not for more than 40 nights in a 12 month period.

#### Qualifying period – 3 months.

The hospital or hospice must be in the United Kingdom or Ireland and its name and admission and discharge dates should be clearly stated on the claim form. Benefit is payable to each eligible named person on the policy for up to 40 nights in any consecutive 12 calendar months. The amount payable is the stated grant and no direct costs (e.g. Consultants fees, room charges, medication/dressings involved with the hospital admission, including consultants' fees) are covered.

Benefit is restricted to 50 nights in total in a period of continuous cover, regardless of scheme, for each named person on the policy to whom it applies for admissions: for congenital and prematurity disorders in babies and children for whom a Birth Grant has been paid to a parent; to mental illness and geriatric (elderly medical / long stay / rehabilitation / respite care/ General Practitioner care) wards. These 50 nights are counted as

part of and not in addition to the ruling in the sentence above eg. within a 12 month period the number of nights for which benefit is payable will not exceed 40 regardless of the reason for admission.

In accordance with the usual practice, the date of admission is counted as the first night but the date of discharge is not counted. Time spent within an Accident and Emergency Department (A&E) is not considered as part of an admission unless the hospital declares it to be so in accordance with their records. Claims must be submitted after each discharge from hospital. Weekend leave or longer periods of home leave do not count as a discharge, although no amounts will be paid for nights spent at home. Transfers from one hospital to another without a period at home in between are counted as a continuous period in hospital.

In cases of long stay admissions a claim may be submitted after 40 nights and an amount will be paid up to the number of nights due within the rules. Recuperation only, as appropriate, will be payable upon discharge. However, if an admission extends beyond 12 months a further claim may be submitted. There are special rules for these unusual circumstances. If, on the date of admission to hospital, the benefit limit is shown to have been reached in the preceding 12 months then no payment is made for that admission at all unless the current admission is of a duration which takes it past the anniversary of the discharge date 12 months earlier. In these cases the balance of nights due will be paid.

#### **NOT covered**

Adults staying with their children at the hospital/hospice are not entitled to Hospital or Day Case benefit; nor are children who are staying with their parents.

### **Recuperation**

Following each stay in a hospital or hospice for which benefit has been paid for a minimum of 7 nights, a recuperation grant is payable for each eligible named person on the policy. This grant is paid automatically, subject to qualifying for the appropriate number of nights in the hospital categories and actually having been discharged. There is no requirement to make an additional claim. If readmissions occur after less than seven nights following discharge, and the second or subsequent admissions by virtue of their length would also qualify for a grant, only one such grant will be paid at the rate set for the longest of the admissions.

#### **NOT covered**

The grant is not payable when the patient dies in hospital or an admission includes a confinement and qualifies for the Birth Grant.

### **Day Case Surgery and Treatment**

For a planned admission to occupy a bed for a day in a hospital or clinic to undergo surgery, treatment or a procedure. Limited to 8 occasions within any 12 consecutive calendar months for each eligible named person on the policy.

#### **Qualifying period – 3 months.**

The claim form must be signed by an official at the hospital and bear the official stamp to verify the information given by the policyholder. Anyone admitted overnight following a Day Case attendance will be entitled to the Hospital and not the Day Case benefit. The following are not included: Geriatric, psychiatric or rehabilitation day hospitals or units; an unplanned day

or period spent in an Accident and Emergency or Casualty Department; minor surgery, treatment or procedures undertaken in outpatient or similar departments. The amount payable is the stated grant and no direct costs, e.g. Consultants fees, room charges, medication/dressings involved with the hospital admission including consultants' fees are covered.

### **Home Care Assistance and Home Help**

Short term assistance towards the cost of Local Authority services and some privately arranged assistance with organisations if supported by a doctor, up to the maximum shown. Payable between all eligible named persons on the policy in any 12 consecutive calendar months.

#### **Qualifying period – 3 months.**

This category does not include home nursing and is designed to give short term assistance only (no longer than a period of 6 months) with the costs of housework (cleaning and cooking) for those incapacitated by an illness, and being unable to work, or recuperating at home following a hospital admission. All claims must be submitted with receipts from the Local Authority providing the service. Claims may also be submitted with receipts for home help from private companies or organisations whose businesses provide such services, and these must be accompanied by a letter or certificate from the General Practitioner stating the reason for the assistance and the length of time for which it was required. Claims for child care, shopping or gardening are not covered. We do not accept claims from individual cleaners/service providers paid or employed by you or any insured person.

### **Personal Accident**

If an Accident results in Permanent Disability or death the financial consequences can be enormous. Even less serious injuries can result in a lengthy period off work or confinement to the house. Whilst you may be able to cope in the short term, a longer period of disability can put severe pressure on family finances. Lump sum cash payments when they are needed most could ease the financial burden. Policyholders and their partner and dependent children are covered 24 hours a day, every day of the year, whether at work, at home or at play.

**Permanent Disability:** A lump sum cash benefit depending upon the type and degree of Permanent Disability following an Accident.

**Facial Disfigurement:** A lump sum payment for Permanent facial disfigurement as a result of an accident.

**Accidental Death:** A lump sum payment if the Accident is fatal.

**Dental Trauma:** A payment for dental treatment required as a direct result of a blow to the head. See definitions on page 18.

**Temporary Disability:** Not applicable to children under 16 years of age. A weekly sum payable (normally by direct credit, monthly in arrears) if following an Accident, you are: a) unable to take up your normal paid occupation or any other paid employment; or b) confined to the home (applicable only if you are not in paid employment at the time of the Accident) as certified by a qualified medical practitioner.

Payable from the 31st day of your disability for up to 52 weeks. Odd days will be paid at 1/7th of the weekly rate.
